To: The US Food and Drug Administration,

I'm writing to ask you to grant Farm Sanctuary's petition to prohibit the slaughter of downed animals - docket number 98P-0151/CP1. Farm animals that are injured or sick need to be humanely killed and put out of their misery. Once they are killed, their "meat" should not be sold for human consumption. As a vegetarian, I don't worry about tainted meat, but I have family and friends who I don't want to get sick from bad meat. Farm animals need our compassion in their time of greatest need.
Thank you.

Sincerely, C3088
Stacey Thurson
