Dear Sirs

I am writing to tell you that as a Citizen I urge you to grant "Farm Sanctuary's" petition to prohibit the slaughter of Downed Animals

As you already know I am sure, downed animals are too sick to even stand. They suffers for hours or days without receiving food, water or veterinary care and in many instances die of neglect. They are dragged by chains or pushed with tractors and fork lifts - inhumane methods that cause injuries ranging from bruises and abrasions to broken bones and torn legaments

Downed animals who survive handling and transportation are typically slaughtered for human food. In addition to causing intolerable animal suffering, the slaughter and marketing of downed animals poses a risk to human health.
