To whom it may be

4328 '00 NOV 13 A10:17

I am writing to urge you to grant the petition to prohibit the slaughter of downed animals - docket # 98 P-0151/CP1. Please let us begin humane treatment of animals. They do have feelings. Of utmost importance is the disease factor of a downed animal being put into the foodchain. I appreciate your consideration of this important petition
