To the U.S. Food & Drug Adm:

As a concerned U.S. citizen, I am urgently asking to consider no longer accepting any farm animals forced into becoming "downed" as a result of inhumane treatment, disabling them to the point where they can no longer stand on their own. This is a sickening way to treat these animals, pain is pain, no matter how many legs you have, two or four. Please, stop this treatment of these animals, and
