To The FDA

Re: Docket No. 98N-1265

This letter [illegible] concern and disapproval of the Memorandum of understanding as published by FDA Jan 21, 99

The MOU as well as the Compounding Section 503A of the "Modernization Act" restricts the rights of physicians and patients to obtain healthcare products from their provider of choice. It also infringes on the rights of compounding pharmacists to serve the publics medical needs. There should be no restrictions to the delivery of a compound medication prescribed for me. The MOU must be amended
