Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically-engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211 (CP1)

☒ All GE foods should be labeled so I am informed and have a choice.

☒ GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing to determine the long-term impacts to human health and the environment.

(Additional Personal Comments:)

Immediate action is required
