Mr. Joseph Levitt, Director
Food & Drug Administration
200 C Street S.W
Washington, D.C. 20204

Dear Mr. Levitt,

Consumers have the right to know what is in their bottled water. As a member of the Center for Science in the Public Interest, I support the FDA's proposal that bottled-water manufacturers be required to make available detailed reports of contaminants, just as public water utilities do. ALL bottled-water labels should also disclose where the water comes from. Please say yes to the FDA's proposal.

Sincerely

Edna Meyers
