Consumers have the right to know what's in their bottled water. As a member of the Center for Science in the Public Interest, I support the FDA's proposal that bottled-water manufacturers be required to make available detailed reports of contaminants, just as public water utilities do. All bottled-water labels should also disclose where the water comes from.

Dear Sir

5-26-00

Whom CAN I CONTACT To
FIND out ABOUT MY TAP WATER
how SAFE IT is & WHAT'S IN IT
ALSO how CONTAMINATED is The WATE

THANK YOU
T Lapore
