MARY LANER 4829 East Apache Circle Phoenix, Arizona 85044

Dear Director Levitt — 5.24.00

Consumers have a right to know what's in their bottled water. As a member of the Center for Science in the Public Interest, I support the FDA's proposal that bottled-water manufacturers be required to make available detailed reports of contaminants, just as public water utilities do. All bottled-water labels should also disclose where the water comes from. Thanks for your consideration. Sincerely, Mary Laner
