June 1 2000

1596 '00 JUN 12 P3:3

Dear Joseph Levitt

Consumers, like me, have a right to know what is in our bottled water.

As a member of the Center for Science in the Public interest, I support the FDA's proposal that bottled-water manufacturers be required to make available detailed reports of contaminants, just as public water utilities do. All bottled-water labels should also disclose where the water comes from.

Thank you for reading this letter.

Sincerely
Marion J. Sheppard
