I am writing to urge you to grant Farm Sanctuary's petition to prohibit the slaughter of downed animals.
As you are well aware, downed animals are commonly left to suffer for hours or days without receiving food, water or veterinary care, and they usually die of neglect. They are dragged to slaughter with chains or pushed with tractors and forklifts - inhumane methods that cause injuries ranging from bruises and abrasions to broken bones and torn ligaments.
Besides the intolerable suffering these creatures endure for the sake of feeding our greedy and inhumane society these downed animals pose a risk to human health.
When is this society of "humans" going to open their eyes to the awful way these animals are treated.
Please grant Farm Sanctuary's petition!

Thank you
