Re: Docket number

To whom it may concern,

Please grant Farm Sanctuary's petition to prohibit the slaughter of downed animals. Its not only incredibly cruel and inhumane to allow the mistreatment and/or neglect of another living creature, but also extremely irresponsible to allow "downed" animals to be slaughtered for human consumption.

Please take the honorable and correct action to rectify this disgusting and disturbing situation. The animals, after all, are completely innocent, but unfortunately cant help themselves. Thats why its every decent persons responsibility to help protect the innocents of this world. I believe that most Americans would agree that animals of all types deserve, at the very least, basic respect and protection against mistreatment of any kind. How else can we consider ourselves part of a civilized society??
