Docket #00P-1211/CP1
FDA Dockets Management Branch, (HFA-305)
5630 Fishers Lane, Room 1061
Rockville, MD 20852

To Whom it May Concern:

I send this letter in support of the legal petition filed with the Food and Drug Administration (Docket #00P-1211/CP1). This petition asks for the removal of all genetically engineered (GE) foods from the market and have them tested for safety.

Personally, I would go a step further and ban them altogether. The welfare of our people and our environment must be protected from those who would put it at risk for their own profit.

Thank You,
Arlene K. Pool
