June 26, 1999

DEAR DR. HENNEY,

I don't think I could live without cheese, and I am fortunate enough to live in a state with a number of great cheese makers. I would prefer to be able to choose a cheese made from the milk of rBGH free cows, but there is no adequate or reliable labeling. Please review the safety of rBGH and encourage adequate labeling.

Sincerely,
[illegible]
