Hello,

I am writing this to urge you to grant the petition to prohibit the slaughter of downed animals. Docket # 98P-0151/CP1.

This is a horrible practice, and I find it hard to believe anyone who has any compassion would do this to these animals. Not to mention that it is unsanitary, & raises the risk for bacterial contamination.

This law would cause little if no effect on profits. And implementing a system to prevent the selling of these animals would encourage the industry to keep more of them healthy to begin with.

Thank you for your time,
