Attention US food + drug administration
Dockets management branch
my name is Yvette G
Schuler, I live in Miami Fl,
am a vegetarian and animal
activist. I am kindly asking
you that you grant the petition
from Farm Sanctuary to
prohibit the slaughter of
downed animals - docket #
98P-0151/CP1. Animals who are
too sick or injured even to
stand should not be allowed
to enter the human food chain.
It is practically impossible to
move downed animals humanely
+ are transported by being
pulled by chains + dragged
causing broken bones + torn
ligaments. Industry experts
have estimated that 90% of
downed animals can be
prevented with better care
+ handling. Please take my
98P-0151 opinion into consideration,
especially for our fellow C2554
creatures here on our Earth.
Thank you.
