To whom it may concern

In the summer of 1957 the Lord Jesus Christ performed the "new birth" in my spirit. My reaction was to attempt to persuade all I came in contact with to experience this life changing event. My brother-in-law a doctor was sure I was "overboard on religion". He arranged a interview with doctors in a mental clinic. Upon completion of the written and oral examination their finding were that I was okeh. However, when I asked them if they had been "born again" as related in the Gospel of John they changed their opinion of me and said I needed medical help. I disagreed but was soon rendered helpless with a infection and in the next two weeks received nine E.C.T. The result was I became even more zealous in telling others of the wonder of the new birth.

In conclusion my feeling is the ECT hampered my ability to memorize Bible passages and also to recall pleasant memories of bygone days

I'm definitely against ECT.
