Dear Commissioner Henney,

As a member of the Center for Science in the Public Interest, I am writing to you to ask for your support in prohibiting livestock producers from routinely adding medically important antibiotics to animal feed to promote growth.

It is absurd and scary to think that bacteria are already starting to become resistant to new antibiotics, such as Synercid - approved by the FDA in September.

Without some type of action or restriction in this area, our medical

research and advancements will prove worthless.

We need your support!

Sincerely,

Nicole S. Sweeney
