KM

Dear food and Drug administration,
This Katie Lozito of Seaside Hts and I am writing this letter to strongly encourage you to act on docke number 98P-0151/CP1 and step the slaughter of dawned animals for the human supply. For humans do not need animals to live. Humans will surrive without them. Animals are as valuble and impartant as humans are and it is injustice and cruelty to slaughter them. Their is no reason for killing animals at all. It takes hundreds of acers to feed a cow when one cow can feed 8 people but the acers can feed hundreds of people. You are putting food and lives to waist it is a sin. Please, I strongly encourage you to help and act on docket #98P-0151 / CP1 The animals love you please stop the slaughter.

Sincely,
Katie Lozito
