Dear Comm. Kennedy: I am writing in ref. to Docket 99P-0033/CP 1. It seems ludicrious that I should have to write to you and ask that the practice of feeding dead animals to non-carnivores like cows be ended. It seems like factory farming is becoming so irrational and unsavory (as well as dangerous to humans and cruel to animals) that there's no end to what these corporations will think of next. It's your job to stop this stuff. Don't be afraid to. Most don't want to think about it, but it's wrong to ignore it.
