Re Docket # 94P-0036 1/2000

4866 '00 JAN 28 P2:41

I support the FDA's proposal to require that trans fat be included in with saturated fat on food labels (with a footnote that reveals the amount of trans) The FDA should keep the current daily value for saturated fat + should limit the amount of trans fat in foods that make claims of low in saturated fat, cholesterol free or lean
