FANNETTE SAWYER • 27 OAKLAND PLACE • BUFFALO, NEW YORK 14222-2008

Jane Henney, M.D.
Commissioner, F.D.A.

Dear Dr. Henney,

I urge you to follow EU's lead and start immediately to ban animal uses of growth-promoting antibiotics used in human medicine. Too often the use of these drugs as livestock growth promoters has been linked to the emergence of antibiotic resistant diseases in people. Their misuse for livestock growth enhancement is dangerous. Please ban them. Sincerely - Fannette Sawyer
