Dear Dr. Henney - Dec. 30, 1999

We join millions of other Americans who are very concerned about the overuse of important antibiotics.

8 675 00 JAN 24 P3:26

A very preventable overuse would be the banning of the use of antibiotics as growth-producers in food animals.

Please follow the EU's lead and move immediately to ban animal uses of growth-producing antibiotics used in human medicine.

Thank you.

Sincerely

M. & Mrs. J. L. Denison
