4/2/99

I urge you to call John Hammell, Bonnie Camo M.D. & other witnesses to a Hearing before your Comm. & I urge you to force the FDA to withdraw the 2nd paragraph of it Comments along 3649 99 SEP 97 M2-23 Risk Assessment document in keeping with current US Law. Congress has spoken clearly on this with the passage of DSHEA again Oct. '97 when dietary supplements were specifically exempted from the harmonization lang. in the FDA Reform Bill.
