Dear Commissioner

4345 '99 DEC 15 A9:26

I would hope that the F.D.A. has food safety as its #1 priority. As a taxpayer for 25 years, it is hoped that the F.D.A. will require all food products containing any genetically engineered ingredients to be labelled as such.

Providing the US citizens information and a choice in what ~~they~~ we buy at the grocery store.

Thank you. Truly, Mary Flahive
