Rockville, MD 20857

Dear Commissioner ~

The consumption of added sugar has increased 25% since 1984, squeezing healthy foods out of the average diet.

As a member of the Center for Science in the Public Interest, I urge the FDA to establish a "Daily Reference Value" for added sugar of 40 grams + to require labels to

(over)

C 107

disclose how much added sugar a food contains.

May I receive information on what the FDA is doing in this regard?

For better health,

FLORENCE
OLIVENBAUM
