Dear Mr. ~~Levitt~~, 178 '00 JUN 12 P3:22

I am a member of the Center for Science in the Public Interest and read the article about water in the June 2000 issue. I am glad that the FDA has proposed that bottled-water manufacturers be required to make available detailed reports, just as public water utilities do, and I wholeheartedly support it.

Thank you for your efforts.

Sincerely,

Joan Silinski
