June 1, 2000

Dear Mr. Levitt.

My husband & I have just moved into a retirement apartment in Pilgrim Place (for retired Clergy & Religious Professors.

We would greatly feel better about the water we drink if we knew it had been OK'ed by the govt. & hope the FDA's proposal becomes law.

At home we drink this Sparkletts but our main meal is in a big dining rm. H2O.

Sincerely
K. Farnham

SPARKLETTS®
CRYSTAL-FRESH®
DRINKING WATER
From our own deep protected well.
Minerals added for great taste.
Sodium free.
Prepared using filtration, reverse osmosis and/or deionizaton.
1-800-4-WATERS
NET 5 GALLONS (18.93L)
McKesson Water Products Co.
Pasadena, CA 91107

Consumers have the right to know what's in their bottled water. As a member of the Center for Science in the Public Interest, I support the FDA's proposal that bottled-water manufacturers be required to make available detailed reports of contaminants, just as public water utilities do. All bottled-water labels should also disclose where the water comes from.
