Ms. Jane Henney MD,

Dear Ms. Henney

Thought i would drop you a few lines to let you know i understand that our purchasing hearing aids by mail is threatened by audiologists who wants to force us to see them or doctors first - Currently we have free choice + are protected by Money-back guarantee, audiologists tried to take away our rights in 1975 and failed, the F.D.A. ruled that it saw no abuses, they tried again in 1993 and failed - we have people thats not able to pay those Dr.s fees + some is, i believe each person has a right to make their own decision - I started ordering my hearing aids by mail - i can get them on a 45 day trial free if im not satisfied, they will refund me all i paid - its just that simple, no strings - I hope we can keep things like it is. I appreciate your consideration on this matter.

Your truly

J.E. Price.
