Jane Henney, Commissioner
Food + Drug Administration

Dear Ms Henney:

I writing to urge the FDA's support of a legal petition by the Center for Food Safety. I ask the FDA to require that no new genetically-engineered foods or products with GE ingredients be released until the FDA requires long-term safety testing of all GE foods before they go on the market.

I request that all GE foods presently on the market be labeled, giving consumers the right to know what's in the food they are eating.

Sincerely,
Carol Sinsheimer

cc: Lois Capps, Congresswoman
