Dear Sirs

Docket# 98P-0203/CP

When egg production declines, the hens are starved and denied water for several days. This "forced molting" shocks the hens into losing their feathers and starting a new laying cycle. Many die during this lortous process.

Eliminate forced Molting I don't need to say more.

"For that which befalleth the sons of men befallethe beasts.
Even on thing befalleth them:
as the one dieth, so dieth the other;
yea, they have all one breath,
so that a man hath no pre-eminence above a beast."

(ECCLESIASTES 3:19)

0755

"One thing we know:
Our God is the same.
This earth is precious to Him...
This we know:
The earth does not belong to man:
Man belongs to the earth.
This we know:
All things are connected
Like the blood which unites one family.
All things are connected.
Whatever befalls the earth.
Befalls the sons of the earth.
Man did not weave the web of life.
He is merely a strand in it.
Whatever he does to the web,
He does to himself."

(CHIEF SEATTLE)

Where is man without the beasts?
If the beasts were gone, men would die
from a great loneliness of spirit.
For whatever happens to the beast
soon happens to man.

"I have given you every plant yielding seed
which is upon all the earth,
and every tree with seed in its fruit;
you shall have them for food."

(GOD)
