Docket No. 98N-1265
Food and Drug Administration
5630 Fishers Lane
Rockville, MD 20857

5037 '99 APR -9 A11:34

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

As part of my small town pharmacy practice I will compound and mail out meds to patients in other states or, when not able, will purchase for them through pharmacies like Madison Pharmacy Associates. This ability to purchase through other compounding pharmacies allows me to offer products not available through other channels to my patients. It allows the Dr expanded options in therapeutic choices as well. Please keep this avenue of distribution open to those of us utilizing or providing it. Thank you,

Please fold, seal, and mail by March 22
