RE: Docket Number 98P-0151/CP1

Dear Sir:

Please grant petition 98P-0151/CP1, as referenced above, to prohibit the slaughter of downed animals. Humans should not be eating these animals. Some of them may have "Mad Cow Disease." They cannot be moved humanely. Since they are only a very small percent of all slaughtered animals, if they are not included they will not be an economic loss to the farmers. If the farmers realize that by handling them more carefully they can avoid harming them, they will realize it is more profitable for them to do so.

Yours truly,

(Mrs.) Greta Bunting
