TO WHOM IT MAY CONCERN,

It is my opinion that All consumers should have Access to information on what is in the Food they eat. This includes mandatory labeling all Foods with Genetic ~~Altered~~ ENGINEERED, IRRADIATED INGREDIENT. The labeling should ~~be traceable~~ include audit trail back to the farm and seed company if necessary. WITH SUCH A young history and Questionable track record, certainly people should be able to "opt out" while the "bugs" are worked out. The good lord JESUS would be suprised at such low quality Food. Please don't eat it!

MUCH KINDNESS AND LOVE
A. McKay
