To whom it may Concern

I am opposed to the Draft Memorandum being proposed by the FDA. In particular, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounds by limiting the number of prescriptions I can obtain across state lines.

These Compounding Pharmacies are the only way some of us can obtain the correct dosages for our personal needs.

Please don't cave in to the drug companies desire to squash their competition.

Sincerely
