This letter is regarding FEB 2 4 2 36 number 98P-0151/CP1.

I urge you to grant this petition so the slaughter of downed animals will stop. These animals are subjected to inhumane treatment resulting in horrible pain and suffering. These animals represent such a small percentage of the total number of animals slaughtered that their loss would cause no undue economic hardship. Most importantly, removing these animals from market will result in their better care and handling preventing downed animals in the first place.

Thank you for your attention to this matter

Sincerely,
Carol Penun
