To Whom it may Concern,

I am writing to urge the Food and Drug administration to grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals.

In addition to posing an increased risk for bacterial contamination, there is evidence that some downed animals may be ~~afflicted~~ afflicted with a form of BSE (Bovine Spongiform Encephalopathy or "Mad Cow Disease") a disease which has been ~~lif~~ linked to a fatal human illness (CJD or Creutzfeldt - ~~Jakob~~ Jakob Disease.)

Sincerely,
Mary + Carl Stobbins
