I am concerned about the practice of slaughter of downed animals. with the amount of healthy livestock, there is no need to cause more anguish to these poor animals by dragging them to slaughter. They probably aren't healthy enough to become food. They should be required to be immediately, safely euthanized upon arrival at the stockyard in distress.

Please grant petition 98P-0151/CP1 on behalf of these animals.

Sincerely,
Dawn Clagg
