Dear Ms. Henney:
As a member of the Center For Science (CSPI) in the Public Interest I urge you to save human Lives by banning the use of medically useful antibiotics in animal Feed.
Adding antibiotics to Feed can make microbes reistant to those antibiotics.
And that can Leave physicians with no way to treat Life-threatening bacterial infections in humans.
That's why I support the petition Filed by CSPI.
Thank you for your attention to this.
