Gentlemen

Re: Docket No 98P-0151/CP1

Please grant this petition to Downed animals.

Animals who are too sick or injured should not be used for human food.

These animals could be afflicted with a form of BSE (Mad Cow).

It is impossible to move downed animals humanely.

Downed animals comprise a small percentage of animals slaughtered causing no undue economic hardship.

Industry experts have estimated that 90% of downed animals can be prevented with better care & handling.

Very truly yours

Gladys Sal Chiaffitelli
