Docket # 98P-0151/CP1 3-7

Good Day-

I'm writing to ask that the FDA prohibit the slaughter and use of Downed Animals. Raisers of cattle should be encouraged to handle & take better care of these animals, thereby preventing many of these Downed cases. Animals which are too sick or injured to stand should not be allowed to enter the human food chain. Please act on the behalf of consumers!

Sincerely,
Jim Bowers
