To the FDA:

RE: Docket No. 98N-1265

I send this letter as a consumer of health care service to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

99 JUL 19 A11:57

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physician and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restriction to the delivery of a compounded medication prescribed for me, regardless of where I may live or travel. The MOU must be amended!

This is very important to me.
