4-23-01

To whom it May Concern,

Last yr., the USDA announced a landmark policy to stop purchasing meat from downed cows for Federal food programs including National School Lunch Program.

This important development shows a growing consensus even among industry & government officials that the marketing & slaughter of downed animals is acceptable.

I am writing to urge the Food & Drug Administration to grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals for human food.

98P-0151

Thank You

C4727

P.S. It is heartbreaking to see what they are also doing to these poor animals!

Sincerely,

Phyllis J Sacchini
