To the FDA: RE Docket No 98N-1265
I send this letter as a consumer of healthcare services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.
In its present form, the MOU as well as the Compounding section 5034 of the Modernization Act, severely restricts the rights of the physicians & patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, should be no restrictions to the delivery of a compounded medication prescribed for me regardless of where I may live or may travel. The MOU must be amended.
