Docket Mana Branch '99 AUG 18 AM 10:14

HSA 305
Food and Drug Administration Room 1061
5630 Fishers Lane
Rockville, MD 20852

attention Jane Henny: Docket # 99P-0485

Mounting evidence shows that the routine use of human antibiotics in livestock may diminish the drug's ability to cure infections in people.

The Food and Drug Administration has the responsibility to ensure that the use of antibiotics on factory farms does not endanger human health. Therefore I urge you not to allow the antibiotics that are used in human medicine in livestock feed.

Sincerely,
Ilene Van Bruggen
