Dear Sirs:

This letter is to request that all irradiated foods ~~are~~ be clearly and properly labeled so that the public has a choice of the foods they wish to purchase, and labeling to be permanent.

Codex labeling requirements require that all foods that have been irradiated be labeled as such — "irradiated."

Please make sure that all irradiated foods such as bulk foods are in clearly marked cupboards and any canned foods that contain these foods are also clearly marked. Thank you.

Yours truly,

Barbara W. Hart
