In regard to Docket #98N-1038

I am a vegetarian and buy organic food the greater part of the time. Frankly, I can not think of an impelling reason to eliminate the labeling of foods which have been irradiated. It is my experience that people are more prone to read the labels on food stuffs than in the past. I am more concerned that labeling be very obvious and clearly state to the consumer the nature of what is being purchased. For the most part I read labels -- I recently had an unfortunate
