Re: Docket # 98N-1038 "Irradiation in the production, processing and handling of food."

I request that irradiated foods be required to have prominent labeling. The radura symbol should be shown. The terms "irradiated" or "irradiation" should be easy to read on the product or packaging.

I am opposed to misleading terms such as: "electronic pasteurization" or "cold pasteurization" or any other such terms.

Sincerely,

Harold M. Luke
