Dear Sir:

Re Docket Numbers: 98N-1230; 96P-0418; 97P-0197

FDA must do more than put Bacteria Warning labels on egg Cartons and regulate egg refrigeration temperatures.

FDA should prohibit the practice of forced molting because forced molting has been scientifically shown to promote disease by destroying the starving hens' immune systems.

FDA has jurisdiction to ban farm practices, such as forced molting, that injure human health.

FDA must ban the forced molting of laying hens because forced molting is a primary cause of infectious diseases in hens, eggs, and consumers of eggs.

Thank you.

Sincerely,
(Mrs.) Ronni Feigenbaum
