Docket No.—97N-0074.

99 OCT 12 A10:09

9-22-99

Food Safety Hazards first, & foremost, need to be addressed at the source, with mandatory safeguards at the animal production stage. problems include — overcrowding animals, subjecting them to stressful procedures, & conditions, feeding them chicken litter, & feces, rendering diseased animals into animal feed, excessive use of antibiotics, & other drugs, & inhumane, & unhygienic transport & slaughter! whatever goes into the animal, (unsafe meat.) can also go into humans! Regulatory authority at the production stage, must be expanded, with adequate funding actively sought!

Thank-you!

Sincerely, Ms Jan Van Dyne.
